Letter from the Executive Director

Dear MAASU Community,

Five years ago, the 2014-2020 MAASU strategic plan was written and adopted. As we developed the new 2020-2024 strategic plan, we reviewed the previous plan and were proud we achieved many of the goals set. In the past five years, MAASU has revamped the MAASU Representative (M-Rep) role and curriculum, established conference travel stipends for student attendees, strengthened our assessment efforts, and created the MAASU Alumni Association (MAA).

During the MAASU Board Winter Retreat in January 2019, members of the 2018-2019 Executive Coordinating Committee (ECC) and Directors Council (DC) reflected on their own experiences with MAASU. They brainstormed potential goals, areas for improvement, and exciting opportunities for what they envisioned for the organization over the next few years. Themes pulled from the retreat along with past Leadership Summit (LS) and Spring Conference (SC) survey data were used to craft this strategic plan for 2020-2024. The four strategic priorities are (1) community engagement, (2) strengthen network, (3) financial growth, and (4) communications and publicity.

It is with great excitement that we present the 2020-2024 MAASU strategic plan. I hope this will serve as a guiding framework for MAASU's initiatives in the years to come and will help lead future ECC and DC members. I want to thank the 2018-2019 ECC and DC members for their ideas, which helped contribute to the creation of this plan.

Sincerely,

A handwritten signature in black ink that reads "Victoria Yu".

Executive Director, 2018-2020
Midwest Asian Pacific Islander Desi American Students Union

About

MAASU is a 501(c)(3) non-for profit organization that began in response to a need for political unity among Asian American students in the Midwest. By 1990, there were more than 20 universities in the Midwest that had formed Asian Pacific Islander American (APIA) organizations. Some had been around for years, while others were still in their infancy. Students felt a need for an organization that would support the growth of their groups and organize Midwestern Asian American students for political activism.

Our Vision

The Midwest Asian Pacific Islander Desi American Students Union will be a source of community, empowerment, unity, and legacy to students in the Midwest region.

Our Mission

MAASU strives to recognize the needs of the Asian Pacific Islander Desi American (APIDA) community by:

- Promoting leadership among APIDA students through programs including, but not limited to, the Leadership Summit, Spring Conference and other various programming
- Assisting schools with the establishment of APIDA student organizations, APIDA cultural center and/or an Asian American Studies Program
- Supporting and encouraging all APIDA students to work toward social change by providing a forum for social consciousness
- Developing and maintaining a channel of communication for APIDA student organizations in the Midwest through e-mails, newsletters, and networking
- Uniting and strengthening the APIDA community stance against oppression

Who We Serve

Our primary outreach is to undergraduate college students located in the Midwest region. We are broadening our scope to include high school students and graduate students.

More than 30 colleges and universities are engaged with MAASU spanning the following states: Colorado, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Nebraska, Tennessee, Oklahoma, Ohio, and Wisconsin

2018-2019 MAASU Leadership
